PARKER

Maker of the World's Most Wanted Pens

Volume VII, Number V

September 1960

Attached are Pages 80, 81, 82, 83 and 84 to be added to your new blue covered repair price list book. Page 80 lists the three (3) component parts of the Eversharp "10,000" Fountain Pen. You will note we have not listed the ink cartridge or the self-filling converter as these two items are interchangeable with the Parker "45". Note, too, that there is no exchange on Eversharp parts. When ordering Eversharp parts, they may be combined with your Parker order or parts exchange. Should you wish to place an Eversharp parts order, be sure your order exceeds \$30.00 list in order to qualify for the maximum discount of 50%.

Our Parker Pen and Parker Pen Service, Inc. branches have established a list charge of 98 cents as a maximum service charge on the Eversharp "10,000". With this in mind I imagine most Service Stations will prefer to send the repairs to one of our branches rather than repair them.

We regret we are unable to sell shells, feeds, etc., as we do on most Parker pens, because these parts are stress relieved for 45 minutes at a fixed temperature after assembly. Selling these parts as components is automatically eliminated. The three (3) parts -- caps, point and shell units, and barrels -- will be available from Janesville when you receive this bulletin. As with Parker parts; Eversharp parts are not available from Parker branches. When ordering caps, please be sure to order by color as the plastic end cap matches the pen barrel.

Pages 81, 82, 83 and 84 list the Eversharp Pencil and current Ball Point Pens. The pencil and ball points have not been broken down by picture into component parts. However, the parts that are available are listed by part number beneath each model. Also, as for the "10,000" pen; be sure to state the color wanted when ordering caps.

A new Index Page is also attached.

The following are a few additions or corrections for your blue covered repair parts price list:

1. The 615-011 "21" pen inner cap was omitted from Page 31. Order price is .10 and exchange price .10.
2. Clip screw #760-111, Page 79 -- change the price from .10 and .10 to .15 and .15.
3. Page 77 -- #760-357, Reservoir Assembly -- change the order price and exchange price from .98 to .95.
4. Page 77 and 79 -- the shell and barrel colors were omitted. They are the same as the Super "21".
5. Page 58 -- Pencil Caps. Please change the "21" Special cap 1/clip from #575-041-1 to #612-941. Also, make a price change on the order price and exchange price for cap w/clip from \$2.50 to \$2.00 list, and cap 1/clip from \$2.00 to \$1.50. Make the same price change with the Super "21" cap.

Effective 1 August 1960

PARKER PARTS ORDER AND PARTS EXCHANGE POLICY

I. The following conditions apply to all parts orders and exchanges only.

- a. Parts exchanges or parts orders amounting to less than \$30.00 list will be billed at a discount of $33 \frac{1}{3}\%$.
- b. All parts exchanges or parts orders amounting to more than \$30.00 list will be billed at a discount of 50%.
- c. No writing instruments may be ordered from or exchanged by the Service Department except defective units.

II. The following conditions apply on exchanges of all new or used parts for other new parts.

- a. No parts will be accepted for credit.
- b. New caps may be exchanged for any other new caps on a dollar for dollar basis for a special price of 40¢ each. (New caps must pass our inspection.) Those, not new, are subject to paragraph d.
- c. When the order list and exchange list are the same amount, no exchange on that part is available.
- d. Any new or used part can be exchanged for any other available part on a dollar for dollar basis for the current "exchange" charge. This will enable you to more easily control your parts stock and prevent any over-stock or under-stock condition without penalty.
- e. If the parts returned have a greater total dollar value than those ordered, additional parts will be supplied and billed at the order list price. If the credit is more than \$10.00 list, we will write the service station for a covering order. No credit will be issued.
- f. The terms of Parker's Parts Order and Parts Exchange Policy and the prices shown in Parker's Repair Parts Price List are subject to change without notice.
